(oct-2023 to feb 2024)

Work that you did – I used to update E-Charging Station data and also add new location,which is updating from the mobile App to website and I need to complete 500 data entries in day.Thankyou.

ACADEMIC PROJECTS

- **Online School management System** *(by using PHP,html,CSS,Javascript,SQL*
- This management is applicable for admin and teacher only,So admin can update data and add data(such as class or division or subject or even we can prepare timebale for student or prepare the test for student also and delete the data of Teacher and Student and also It is safe because we need to login whenever we need to visit the system,and login details will provide by admin for specific teacher.so they can work.Thankyou.
